**Galesburg:** We received a partial grant from Parsons Area Community Foundation to purchase a display rack for our senior class pic5tures which were taking a lot of wall space. Now they are installed and are much easier to access. Years 1919 – 1967 of Galesburg High School. Presently we have had to move a number of times from old building in order to address the problems with the floor. So we are no in disarray. Face Book posts at leas one a week. Well received.
